

## Easy Install Steel Structure Mobile Box House Withstand Extreme Weather Conditions

### Our Product Introduction

for more products please visit us on [prefabricated-containerhouses.com](http://prefabricated-containerhouses.com)

#### Basic Information

- Place of Origin: china
- Brand Name: INFINTE STARS
- Model Number: H
- Minimum Order Quantity: 7 Sets
- Price: dollar1200 /1set
- Delivery Time: 1-3work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 500set/day

#### Product Specification

- Features: Modular Design, Easy To Assemble And Disassemble
- Material: High-strength Steel
- Capacity: Can Accommodate Multiple Groups Of People
- Maintenance: Requires Regular Maintenance And Inspections
- Weight: Depends On Size And Configuration
- Usage: Deployed In Combat Situations Or Training Exercises
- Size: Various Sizes Available
- Durability: High
- Cost: Varies Depending On Size And Configuration
- Function: Provides Shelter And Protection For Groups Of People
- Mobility: Portable

## Product Description

### Durable And Easy To Install Steel Structure Mobile Box Houses That Can Withstand Extreme Weather Conditions

In the domain of temporary accommodations and emergency shelters, our steel structure mobile container houses stand out as reliable solutions designed to withstand extreme weather conditions while offering ease of installation. These houses are built to last, providing durable and resilient living spaces for various applications, from disaster relief efforts to temporary housing needs.

#### Key Features:

**Durability:** Constructed with high-quality steel materials, our container houses are built to withstand harsh environmental conditions, ensuring long-term durability and reliability.

**Convenience:** Designed for quick and easy installation, our container houses offer a hassle-free setup process, allowing for rapid deployment in emergency situations or temporary housing projects.

**Versatility:** Our container houses are versatile in their applications, suitable for a wide range of uses including disaster relief, construction site offices, temporary housing for events, and more.

**Weather Resistance:** Engineered to withstand extreme weather conditions such as heavy rain, strong winds, and even seismic activity, our container houses provide safe and secure shelter in any environment.

**Mobility:** With their portable design, our container houses can be easily transported to remote or hard-to-reach locations, making them ideal for emergency response efforts and temporary housing needs.

#### Applications:

- Disaster relief shelters
- Construction site offices
- Temporary housing for events and festivals
- Remote work camps
- Military operations and field deployments

**Conclusion:** Our steel structure mobile container houses offer a robust and convenient solution for temporary accommodations in extreme weather conditions. With their durable construction, ease of installation, and versatility, these houses provide a reliable shelter option for various applications, ensuring the safety and well-being of occupants in challenging environments.

Feature	Description
Durability	Constructed with high-quality steel materials, ensuring long-lasting durability and resilience.
Installation	Designed for quick and easy installation, facilitating rapid deployment in emergency or temporary situations.
Weather Resistance	Engineered to withstand extreme weather conditions such as heavy rain, strong winds, and seismic activity.
Mobility	Portable design enables easy transportation to remote or hard-to-reach locations, ideal for various applications.

## Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
