

Steel Custom Prefab Container House 20ft / 40ft For Site Office Building

Basic Information

- Place of Origin: china
- Brand Name: INFINITE STARS
- Certification: CE/ISO9001/ISO45001/ISO14001
- Model Number: H
- Minimum Order Quantity: 7 Sets
- Price: dollar1300 /1set
- Packaging Details: One 40 'high container for Marine insurance, can hold 6 sets
- Delivery Time: 5-8work days
- Payment Terms: L/C, T/T
- Supply Ability: 100set/day

Product Specification

- Name: Custom Prefab Container House
- Size: 20ft/40ft
- Electrical System: Lighting/Sockets/Switches
- Material: Steel
- Floor: Plywood/Composite Board
- Additional Features: Air Conditioning/Furniture/Security System
- Transportation: Convenient And Cost-effective
- Plumbing System: Toilet/Shower/Sink
- Window: PVC/Aluminum Alloy
- Insulation: EPS/Rock Wool/PU
- Customization: Available
- Usage: Temporary/Permanent Housing
- Installation: Quick And Easy
- Door: Steel Door/Aluminum Alloy Door
- Roof: Galvanized Steel Sheet

Product Description

Flexible And Customizable Container Houses For Site Office Buildings Are Adaptable

In the realm of modern construction and office infrastructure, adaptability is paramount. Our container housing solutions offer precisely that – a versatile, customizable, and innovative approach to meeting the diverse needs of construction sites and office environments alike.

Key Features:

Modularity: Our container housing units are designed with modularity in mind, allowing seamless integration into various construction site layouts or office spaces. Whether it's a temporary workspace or a permanent office building, our containers can be arranged and combined to suit specific requirements.

Customization: Flexibility is at the core of our design ethos. From layout configuration to interior design elements, clients have the freedom to customize every aspect of their container housing units. This ensures that the final product aligns perfectly with their functional and aesthetic preferences.

Durability: Built to withstand the rigors of construction sites and the demands of daily office use, our container housing solutions boast exceptional durability. Constructed from high-quality materials and engineered to meet industry standards, they offer long-term reliability and peace of mind.

Mobility: Need to relocate your office or adapt to changing project demands? Our container units are inherently mobile, allowing for easy transportation and setup wherever needed. This mobility ensures that your workspace can evolve alongside your business or construction project.

Sustainability: We prioritize eco-conscious practices in our design and manufacturing processes. Our container housing solutions often incorporate sustainable materials, energy-efficient features, and options for renewable energy sources, promoting both environmental responsibility and cost savings.

Standard Package Container House Datasheet		
Product Specification: 2.99-meter standard container	Length(mm)	6055(5840)
	Width(mm)	2990(2780)
	Height(mm)	2896(2550)
	Roof	organized drainage
	Number of floors	≤3
Design parameters	Service life	8-10 years
	Container weight	≤1.96T
	Ground live load	1.8KN/
	Roof live load	1.0KN/
	Wind load	0.8KN/
	Seismic degree	8
Structural	corner column	Galvanized cold rolled section steel, t=2.5mm, H2450X4 pcs material Q235B
	roof main beam	Galvanized cold rolled section steel, t=2.5mm, L5630X2pcs /L2690X2pcs material Q235B
	roof sub-beam	Galvanized square steel, t=1.8mm40*60X6 square tubes, radian t=1.8mm 15*30X3pcs square tube material Q235B
	floor main beam	Galvanized cold rolled section steel, t=2.5mm, L5630X2pcs /L2690X2pcs, material Q235B
	floor sub-beam	Galvanized square steel t=1.2mm, sub-beam X9pcs square tube material Q235B
	Angle piece hanging head	4.2mm steel galvanized stamping welding built-in bucket Angle piece X8
	Paint	Graphene Powder spraying (Electrostatic spraying)
Roof	Roof panel	0.5mm thick color steel plate 360 degree bite, color white gray
	Thermal insulation	100mm glass thermal insulation foam
	Ceiling plate	0.38 thick 831 ceiling
	downpipe	Four corners of downpipe 50PVC pipe X4pcs
Floor	Base	18mm thick fiber cement pressure plate, density ≥0.8g/cm ³
	Thickness	50mm thick color steel rock wool sandwich board; The outer and inner plates are made of 0.35mm galvanized color steel plate

Wall	Heat preservation	75mm thick rock wool, bulk weight $\geq 90\text{kg/m}^3$, combustion performance is class A non-combustible
	Color	white gray PE coating
Door	Spec(mm)	Width X height =840*2035 high-end door
	Material	Steel door with paint
Window	Spec(mm)	Front window: width X height =1150*1100: width X height =1150*1100; (Standard) Hollow window anti-theft integrated window
	Frame	Plastic-steel
	Glass	Ordinary 4+9+4 hollow

These features describe the key advantages and functionalities of our Fireproof Portable Integrated Living Container, providing a flexible and reliable solution for various scenarios.

Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
