

## Durable Modular Container Barracks Temporary Modular Steel Containers

Our Product Introduction

for more products please visit us on [prefabricated-containerhouses.com](http://prefabricated-containerhouses.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: INFINITE STARS
- Certification: CE, ISO9001, ISO45001, ISO14001
- Model Number: B01
- Minimum Order Quantity: 7 Sets
- Price: \$1,378.08
- Packaging Details: one 20-foot shipping container can carry 7 sets
- Delivery Time: 5-8 work days
- Payment Terms: L/C, T/T
- Supply Ability: 2000 set per month

### Product Specification

- Size: 20ft/40ft
- Windows: Aluminum
- Electrical System: Pre-wired
- Lighting: LED
- Doors: Steel
- Material: Steel
- Locking System: Padlock
- Ventilation: Air Vents
- Wall Type: Corrugated
- Color: Customizable
- Product Type: Container
- Floor Type: Plywood
- Roof Type: Flat
- Insulation: Polyurethane
- MOQ: 7 PCS

Durable Modular Container Barracks Modular Cost Effective Secure Robust

Description

In the realm of temporary accommodations, our modular container steel structure camp offers versatility, durability, and portability. Designed to be adaptable to various scenarios, this camp provides a robust and reliable solution for temporary housing needs in different environments.

Key Features:

Versatility: Our modular container camp is designed to be adaptable to multiple scenarios, including disaster relief efforts, construction sites, remote work camps, and temporary housing projects.

Sturdiness: Constructed with high-quality steel materials, our camp offers exceptional structural strength and stability, ensuring a safe and secure living environment for occupants.

Durability: Engineered to withstand harsh environmental conditions, our camp is resistant to corrosion, erosion, and wear, ensuring long-lasting performance in challenging environments.

Portability: Featuring a modular and detachable design, our camp can be easily transported to different locations and reassembled as needed, providing flexibility and convenience for temporary housing solutions.

Customization: Our camp can be customized to meet specific requirements, including layout configurations, interior amenities, and additional features tailored to the needs of occupants.

Ease of Assembly: With prefabricated components and simple assembly procedures, our camp can be quickly set up on-site, minimizing downtime and disruption to operations.

Cost-Effectiveness: Offering a cost-effective alternative to traditional construction methods, our camp reduces overall project expenses while delivering exceptional performance and value.

Applications:

- Disaster relief shelters
- Construction site accommodations
- Remote work camps
- Temporary housing for events and festivals
- Military operations and field deployments

Conclusion:

Our versatile, sturdy, and durable modular container steel structure camp provides a reliable solution for temporary housing needs in various scenarios. With its adaptability, sturdiness, portability, customization options, and cost-effectiveness, this camp offers a flexible and convenient accommodation solution for a wide range of applications, ensuring comfort, safety, and satisfaction for occupants.

Standard Quick Assembly Container House Datasheet		
Product Specification: 3-meter standard container	Length(mm)	5950(5730)
	Width(mm)	3000(2800)
	Height(mm)	2800(2500)
	Center column	
	Roof	Flat roof, free drainage
	Number of floors	≤3
Design parameters	Service life	5-8 years
	Ground live load	1.8KN/
	Roof live load	0.5KN/
	Wind load	0.6KN/
	Seismic degree	8
Structural	corner column	galvanized cold rolled section steel, t=2.3mm, material Q235B
	roof main beam	galvanized cold rolled section steel, t=2.3mm, material Q235B
	roof sub-beam	Galvanized square steel 5*5, t=1.5mm, radian galvanized square steel 4*6t= 1.2mm material Q235B
	floor main beam	galvanized cold-rolled section steel, t=2.3mm, material Q235B

	floor sub-beam	galvanized square steel 4*8 (5), galvanized square steel 8*8 (4) material Q235B
	Paint	Graphene Powder spraying (Electrostatic spraying)
Roof	Roof panel	0.40mm thick color steel plate, color white gray
	Ceiling	0.25mm thick 811 ceiling, color white gray
Floor	Decorative surface	
	basic floor	18mm sanding board
Wall	Thickness	50mm thick color steel glass fiber sandwich board; The outer and inner plates are made of 0.3mm aluminum plated zinc color steel plate
	Heat preservation	50mm thick glass silk wool, bulk weight $\geq 60\text{kg/m}^3$ , combustion performance is class A non-combustible
	Color	white gray PE coating
Door	Spec(mm)	Width X height =920*2030 common door
	Material	Steel door
Window	Spec(mm)	Front window: width X height =920*1200; Rear window (standard) : width X height =920*1200;
	Frame	Plastic steel window single glass
	Glass	common
Electricity	Voltage	220V~250V
	Wire	input power wire is 4 square, AC wire is 4 square, socket wire is 2.5 square, lighting switch wire is 1.5 square
	Circuit breaker	High break Miniature Circuit breaker (32A)
	Lamp tube	Two sets of circular LED fluorescent lamps
	Socket	3 five-hole socket 10A, 1 three-hole air conditioning socket 16A

## Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
