

Customized Rock Wool Sandwich Board Heat Insulation Moisture Proof Sound Insulation

Our Product Introduction

for more products please visit us on prefabricated-containerhouses.com

Basic Information

- Place of Origin: china
- Brand Name: INFINTE STARS
- Certification: CE/ISO9001/ISO45001/ISO14001
- Model Number: B
- Minimum Order Quantity: 7 Sets
- Price: dollar10\$/
- Packaging Details: Each 40 foot high cabinet can hold 1200 square meters
- Payment Terms: L/C, T/T
- Supply Ability: 100000 /day

Product Specification

- Name: Rock Wool Sandwich Board
- Application: Roofing, Wall Cladding, Partition Wall, Cold Storage, Etc.
- Color: Customized
- Core Material: Polyurethane
- Surface Treatment: PE/PVDF Coating
- Width: 1000mm
- Length: Customized
- Water Absorption: $\leq 2\%$
- Thickness: 50mm 75mm, 100mm, 150mm
- Sound Insulation: $\geq 30\text{dB}$
- Material: Color Steel
- Load Bearing Capacity: $\geq 0.5\text{kN/m}^2$
- MOQ: 7 PCS
- Highlight: Customized Rock Wool Sandwich Board, Heat Insulation, Moisture Proof, Sound Insulation

Product Description

Customized rock wool sandwich board offers an exceptional trifecta of benefits: heat insulation, moisture proofing, and sound insulation. Its superior thermal resistance ensures optimal indoor temperatures, reducing energy consumption and costs. The moisture-resistant design effectively prevents water vapor and condensation from infiltrating the building envelope, protecting the structural integrity and extending the lifespan of the building. Additionally, the board provides excellent sound insulation, significantly reducing noise transmission and creating a more peaceful environment. The customizability of rock wool sandwich board allows it to be tailored to specific project requirements, ensuring optimal performance in each application. Its natural, environmentally friendly properties also contribute to a more sustainable future. In summary, customized rock wool sandwich board is a versatile and efficient building material that offers unparalleled advantages in terms of heat insulation, moisture proofing, sound insulation, and environmental sustainability.

Performance Criteria	Unit	Rock Wool Sandwich Panel
Density	kg/m ³	10-20
Thickness	mm	20-30
Length	mm	600-1200
Width	mm	300-600
Insulation Performance	W/m ² ·K	≤0.04
Soundproofing Performance	dB	≥30
Fire Resistance	Level	A Level
Flexural Strength	MPa	≥10
Compressive Strength	MPa	≥20
Weatherability	Indicator	Weather Resistant Steel
Moisture Resistance	Indicator	Good

Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
