

Temp Detachable Container House Office Building Modular Design

Our Product Introduction

for more products please visit us on prefabricated-containerhouses.com

Basic Information

- Place of Origin: China
- Brand Name: INFINITE STARS
- Certification: CE, ISO9001, ISO14001, ISO45001
- Model Number: D03
- Minimum Order Quantity: 7 Sets
- Price: USD 1200~1500/Set
- Packaging Details: 7 units/20gp
- Supply Ability: 2000 Sets PER Month

Product Specification

- Color: White Or Customized Color
- Design: Customer Request
- Floor: 18mm Sanding Board
- Door: Steel Door
- Electricity Device: Switch, light, socket, etc
- Material: Sandwich Panel, Galvanized Steel Frame
- Loading Quantity: 7 Units/20gp 17 Units/40hq
- Dimensions: 5950mm(L) * 3000mm(W) * 2800mm(H)
- Numbers Of Floor: ≤3
- MOQ: 7 PCS
- Highlight: Detachable Container House Office,
Temp Detachable Container House,
Modular Container House Building

Product Description

Office Building Detachable Container House Various Application Temp Housing

Choosing a detachable container office has several benefits that make it an attractive option for many organizations and individuals. Here are some key reasons why you might choose a detachable container office:

- Flexibility and Mobility:** Detachable container offices are designed to be easily disassembled, transported, and reassembled. This flexibility allows you to quickly relocate your office space as needed, whether for expansion, consolidation, or temporary projects.
- Rapid Deployment:** Compared to traditional construction methods, detachable container offices can be assembled much faster. This is especially useful in emergency situations or when you need to establish an office quickly.
- Cost-Effectiveness:** Although the initial investment may be similar to traditional construction, detachable container offices often offer lower long-term costs. They require less maintenance, have longer lifespans, and can be reused or relocated multiple times.
- Sustainability:** Detachable container offices are often made from recycled materials and can be recycled again when no longer needed. This reduces waste and supports sustainable construction practices.
- Customization:** Container offices can be customized to meet your specific needs and preferences. You can choose from different sizes, layouts, finishes, and features to create a workspace that fits your brand and workstyle.
- Modular Design:** The modular design of detachable container offices allows for easy expansion and modification. You can add additional containers or modules as your needs change, without the need for extensive renovation or reconstruction.
- Versatility:** Container offices can be used for a wide range of applications, including offices, meeting rooms, break areas, storage facilities, and more. This versatility makes them suitable for a variety of industries and organizations.

Standard Quick Assembly Container House Datasheet		
Product Specification: 3-meter standard container	Length(mm)	5950(5730)
	Width(mm)	3000(2800)
	Height(mm)	2800(2500)
	Center column	
	Roof	Flat roof, free drainage
	Number of floors	≤3
Design parameters	Service life	5-8 years
	Ground live load	1.8KN/
	Roof live load	0.5KN/
	Wind load	0.6KN/
	Seismic degree	8
Structural	corner column	galvanized cold rolled section steel, t=2.3mm, material Q235B
	roof main beam	galvanized cold rolled section steel, t=2.3mm, material Q235B
	roof sub-beam	Galvanized square steel 5*5, t=1.5mm, radian galvanized square steel 4*6t= 1.2mm material Q235B
	floor main beam	galvanized cold-rolled section steel, t=2.3mm, material Q235B
	floor sub-beam	galvanized square steel 4*8 (5), galvanized square steel 8*8 (4) material Q235B
	Paint	Graphene Powder spraying (Electrostatic spraying)

Roof	Roof panel	0.40mm thick color steel plate, color white gray
	Ceiling	0.25mm thick 811 ceiling, color white gray
Floor	Decorative surface	
	basic floor	18mm sanding board
Wall	Thickness	50mm thick color steel glass fiber sandwich board; The outer and inner plates are made of 0.3mm aluminum plated zinc color steel plate
	Heat preservation	50mm thick glass silk wool, bulk weight $\geq 60\text{kg/m}^3$, combustion performance is class A non-combustible
	Color	white gray PE coating
Door	Spec(mm)	Width X height =920*2030 common door
	Material	Steel door
Window	Spec(mm)	Front window: width X height =920*1200; Rear window (standard) : width X height =920*1200;
	Frame	Plastic steel window single glass
	Glass	common
Electricity	Voltage	220V~250V
	Wire	input power wire is 4 square, AC wire is 4 square, socket wire is 2.5 square, lighting switch wire is 1.5 square
	Circuit breaker	High break Miniature Circuit breaker (32A)
	Lamp tube	Two sets of circular LED fluorescent lamps
	Socket	3 five-hole socket 10A, 1 three-hole air conditioning socket 16A

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.

Suzhou Stars Integrated Housing Co., Ltd. mainly has five types of products: folding container house, flat pack container house, detachable container house, modified shipping container (in development), and steel structure construction, which can be widely used in many fields, such as dormitory, camp, office, canteen, shop, toilet and shower, viewing pavilion, firefighting station, isolation ward, etc.
