Basic Information

- Place of Origin: china
- Brand Name: INFINTE STARS
- Certification: CE/ISO9001/ISO45001/ISO14001
- Model Number: H
- Minimum Order Quantity: 7 Sets
- Price: dollar1000 /1set
- Packaging Details: One 40 'high container for Marine insurance, can hold 17 sets
- Delivery Time: 5-8work days
- Payment Terms: L/C, T/T
- Supply Ability: 150set/day

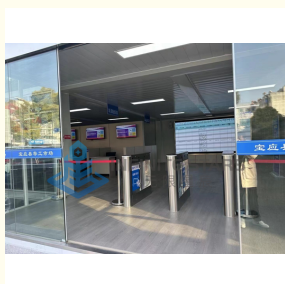

Product Specification

- Name: Affordable Prefabricated Container Houses
- Wall Material: EPS/Rock Wool/PU Sandwich Panel
- Roof Material: EPS/Rock Wool/PU Sandwich Panel
- Door Material: Steel/Aluminum Alloy
- Wind Resistance: Grade 12
- Size: 20ft/40ft
- Material: Steel
- Fireproof Grade: B1/B2
- Installation: Quick And Easy
- Design: Customizable
- Floor Material: Plywood/Fiber Cement Board
- Earthquake Resistance: Grade 8
- Usage: Temporary/Permanent Housing
- MOQ: 7 PCS
- Highlight: **Affordable Prefabricated Container Houses.**

Product Description

Convenient Transportation Can Be Moved Fast Container Housing Affordable

When it comes to convenient transportation and economical housing solutions, prefabricated and modular container houses, often referred to as "quick-assembly container homes," stand out as an excellent choice. These units are designed to be easily transported and relocated, making them ideal for a variety of applications such as temporary housing, disaster relief, construction sites, and even remote locations.

The key advantage of these quick-assembly container homes is their portability. They can be loaded onto trucks, trains, or even ships, allowing for efficient and cost-effective transportation to virtually any destination. Once on site, they can be quickly assembled, often requiring minimal additional construction or modifications.

In addition to their portability, these container homes are also economical. They are prefabricated in factories, using standardized materials and components, which helps to reduce costs and ensure quality control. The modular design allows for flexibility, meaning that the same basic structure can be adapted to meet different needs and configurations.

Overall, quick-assembly container homes offer a practical and cost-effective solution for those looking for temporary or permanent housing that is both portable and economical. Whether for disaster relief, construction projects, or remote locations, these units provide a sturdy and dependable housing option that is easy to transport and assemble.

Standard Quick Assembly Container House Datasheet		
Product Specification: 3-meter standard container	Length(mm)	5950(5730)
	Width(mm)	3000(2800)
	Height(mm)	2800(2500)
	Center column	
	Roof	Flat roof, free drainage
	Number of floors	≤3
Design parameters	Service life	5-8 years
	Ground live load	1.8KN/
	Roof live load	0.5KN/
	Wind load	0.6KN/
	Seismic degree	8
Structural	corner column	galvanized cold rolled section steel, t=2.3mm, material Q235B
	roof main beam	galvanized cold rolled section steel, t=2.3mm, material Q235B
	roof sub-beam	Galvanized square steel 5*5, t=1.5mm, radian galvanized square steel 4*6t=1.2mm material Q235B
	floor main beam	galvanized cold-rolled section steel, t=2.3mm, material Q235B
	floor sub-beam	galvanized square steel 4*8 (5), galvanized square steel 8*8 (4) material Q235B
	Paint	Graphene Powder spraying (Electrostatic spraying)
Roof	Roof panel	0.40mm thick color steel plate, color white gray
	Ceiling	0.25mm thick 811 ceiling, color white gray
Floor	Decorative surface	
	basic floor	18mm sanding board
Wall	Thickness	50mm thick color steel glass fiber sandwich board; The outer and inner plates are made of 0.3mm aluminum plated zinc color steel plate
	Heat preservation	50mm thick glass silk wool, bulk weight ≥60kg/m ³ , combustion performance is class A non-combustible
	Color	white gray PE coating
Door	Spec(mm)	Width X height =920*2030 common door
	Material	Steel door
Window	Spec(mm)	Front window: width X height =920*1200; Rear window (standard) : width X height =920*1200;
	Frame	Plastic steel window single glass
	Glass	common
Electricity	Voltage	220V~250V
	Wire	input power wire is 4 square, AC wire is 4 square, socket wire is 2.5 square, lighting switch wire is 1.5 square
	Circuit breaker	High break Miniature Circuit breaker (32A)
	Lamp tube	Two sets of circular LED fluorescent lamps
	Socket	3 five-hole socket 10A, 1 three-hole air conditioning socket 16A

Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

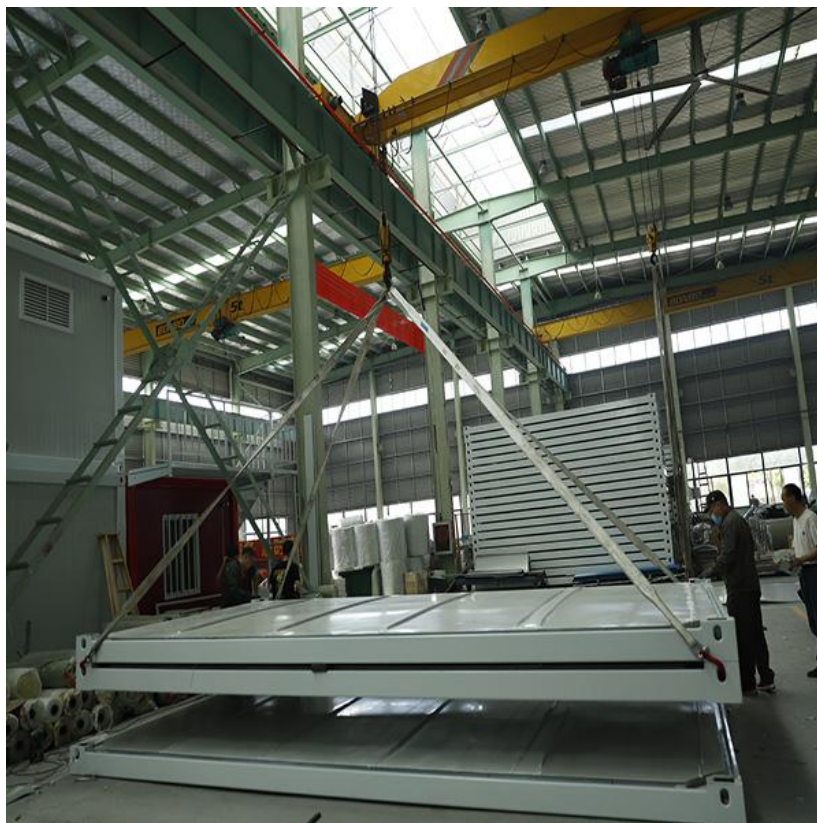

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
