Product Description

Exhibition Pop-Up Shop Mobile Platform Frame Container Room Fast And Convenient

Introducing the Mobile Platform Framework of an Exhibition Pop-Up Shop: A Quick and Convenient Container House

For brands and exhibitors looking to make a lasting impression at trade shows and exhibitions, the mobile platform framework of an exhibition pop-up shop using a container house offers an innovative and efficient solution.

This container house, designed specifically for exhibition pop-up shops, provides a fast and convenient way to set up and dismantle a temporary retail or display space. Its modular construction allows for easy transportation and quick assembly, ensuring that your brand can be showcased in any venue or location with minimal fuss.

The durable and sturdy structure of the container house ensures stability and security, while the interior can be customized to fit your brand's specific needs. Whether you're looking for a sleek and modern design or a more traditional aesthetic, the interior of the container house can be tailored to perfectly reflect your brand's identity.

The quick and convenient nature of this mobile platform framework means that you can easily transport your exhibition pop-up shop to multiple events and venues. This flexibility allows you to maximize your brand's exposure and reach a wider audience, while also saving on the costs associated with traditional, permanent retail spaces.

In addition, the container house's customizable interior offers the perfect platform for showcasing your products and engaging with potential customers. From interactive displays to product demonstrations, you can create an immersive and memorable experience that will leave a lasting impression on visitors.

In conclusion, the mobile platform framework of an exhibition pop-up shop using a container house offers a quick, convenient, and cost-effective solution for brands and exhibitors looking to make a splash at trade shows and exhibitions. With its durable structure, customizable interior, and easy transportation, this innovative solution is sure to help your brand stand out from the competition.

|--|--------------------|--|
| Product Specification: 3-meter standard container | Length(mm) | 5950(5730) |
| | Width(mm) | 3000(2800) |
| | Height(mm) | 2800(2500) |
| | Center column | |
| | Roof | Flat roof, free drainage |
| | Number of floors | ≤3 |
| Design parameters | Service life | 5-8 years |
| | Ground live load | 1.8KN/ |
| | Roof live load | 0.5KN/ |
| | Wind load | 0.6KN/ |
| | Seismic degree | 8 |
| Structural | corner column | galvanized cold rolled section steel, t=2.3mm, material Q235B |
| | roof main beam | galvanized cold rolled section steel, t=2.3mm, material Q235B |
| | roof sub-beam | Galvanized square steel 5*5, t=1.5mm, radian galvanized square steel 4*6t=1.2mm material Q235B |
| | floor main beam | galvanized cold-rolled section steel, t=2.3mm, material Q235B |
| | floor sub-beam | galvanized square steel 4*8 (5), galvanized square steel 8*8 (4) material Q235B |
| | Paint | Graphene Powder spraying (Electrostatic spraying) |
| Roof | Roof panel | 0.40mm thick color steel plate, color white gray |
| | Ceiling | 0.25mm thick 811 ceiling, color white gray |
| Floor | Decorative surface | |
| | basic floor | 18mm sanding board |
| Wall | Thickness | 50mm thick color steel glass fiber sandwich board; The outer and inner plates are made of 0.3mm aluminum plated zinc color steel plate |
| | Heat preservation | 50mm thick glass silk wool, bulk weight ≥60kg/m ³ , combustion performance is class A non-combustible |
| | Color | white gray PE coating |
| Door | Spec(mm) | Width X height =920*2030 common door |
| | Material | Steel door |
| Window | Spec(mm) | Front window: width X height =920*1200; Rear window (standard) : width X height =920*1200; |
| | Frame | Plastic steel window single glass |
| | Glass | common |
| Electricity | Voltage | 220V~250V |
| | Wire | input power wire is 4 square, AC wire is 4 square, socket wire is 2.5 square, lighting switch wire is 1.5 square |
| | Circuit breaker | High break Miniature Circuit breaker (32A) |
| | Lamp tube | Two sets of circular LED fluorescent lamps |

Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
