Basic Information

- Place of Origin: China
- Brand Name: INFINITE STARS
- Certification: CE/ISO9001/ISO45001/ISO14001
- Model Number: H
- Minimum Order Quantity: 7 Sets
- Packaging Details: One 40 'high container for Marine insurance, can hold 6 sets
- Payment Terms: L/C, T/T
- Supply Ability: 20000 Set PER Month

Product Specification

- Earthquake Resistant: Grade 7
- Roofing: 50mm Glass Wool Insulation Layer
- Material: Steel
- Design: Modern
- Stairs: Customized
- Earthquake Resistance: Grade 8
- Perforate: No
- Keywords: Moduler Homes
- Window Type: Aluminum Alloy/Plastic Steel
- Span Life: 25 Years
- Electricity: Custom-made
- Name: Flat Pack Container House
- MOQ: 7 PCS
- Highlight: **Rugged Flat Pack Container House, Prefabricated Flat Pack Container House, Flat Pack Container House, House**

Product Description

Prefabricated Rugged Packaged Container Houses For Multiple Scenarios

Standard Package Container House Datasheet		
Product Specification: 2.99-meter standard container	Length(mm)	6055(5840)
	Width(mm)	2430(2270)
	Height(mm)	2896(2550)
	Roof	organized drainage
	Number of floors	≤3
Design parameters	Service life	8-10 years
	Container weight	≤1.96T
	Ground live load	1.8KN/
	Roof live load	1.0KN/
	Wind load	0.8KN/
	Seismic degree	8
Structural	corner column	Galvanized cold rolled section steel, t=2.5mm, H2450X4 pcs material Q235B
	roof main beam	Galvanized cold rolled section steel, t=2.5mm, L5630X2pcs /L2130X2pcs material Q235B
	roof sub-beam	Galvanized square steel, t=1.8mm40*60X6 square tubes, radian t=1.8mm 15*30X3pcs square tube material Q235B
	floor main beam	Galvanized cold rolled section steel, t=2.5mm, L5630X2pcs /L2130X2pcs, material Q235B
	floor sub-beam	Galvanized square steel t=1.2mm, sub-beam X9pcs square tube material Q235B
	Angle piece hanging head	4.2mm steel galvanized stamping welding built-in bucket Angle piece X8
	Paint	Graphene Powder spraying (Electrostatic spraying)
Roof	Roof panel	0.5mm thick color steel plate 360 degree bite, color white gray
	Thermal insulation	100mm glass thermal insulation foam
	Ceiling plate	0.38 thick 831 ceiling
	downpipe	Four corners of downpipe 50PVC pipe X4pcs
Floor	Base	18mm thick fiber cement pressure plate, density ≥0.8g/cm³
Wall	Thickness	50mm thick color steel rock wool sandwich board; The outer and inner plates are made of 0.35mm galvanized color steel plate
	Heat preservation	75mm thick rock wool, bulk weight ≥90kg/m³, combustion performance is class A non-combustible
	Color	white gray PE coating
Door	Spec(mm)	Width X height =840*2035 high-end door
	Material	Steel door with paint
Window	Spec(mm)	Front window: width X height =1150*1100; width X height =1150*1100; (Standard) Hollow window anti-theft integrated window
	Frame	Plastic-steel
	Glass	single

Introducing our premier line of prefabricated shipping container homes, crafted with the utmost durability and versatility in mind. These unique structures are designed to withstand the harshest of environments, making them the perfect choice for a wide range of applications.

Durable Construction

Built using high-grade steel, our shipping container homes are designed to last. The robust construction ensures stability and durability,

resisting wear and tear, corrosion, and even extreme weather conditions. This allows our homes to be deployed in even the most remote and challenging locations.

Versatile Applications

The versatility of our shipping container homes is truly unparalleled. Whether you're looking for temporary housing solutions for disaster relief efforts, remote work sites, or military bases, or you're seeking a unique and sustainable living space, our homes are sure to meet your needs. They can be easily modified and customized to fit any specific requirements, from additional rooms to specialized features.

Eco-Friendly Design

Not only are our shipping container homes durable and versatile, but they are also eco-friendly. By utilizing recycled shipping containers, we are able to significantly reduce the environmental impact of construction. Additionally, our homes are designed to be energy-efficient, with features such as insulation and energy-saving windows to minimize energy consumption.

Quick and Easy Setup

One of the main advantages of our prefabricated shipping container homes is their quick and easy setup. Due to their modular design, they can be delivered to any location and assembled in a fraction of the time required for traditional construction methods. This allows for faster deployment and reduced costs, making them an ideal choice for emergency housing needs.

Customizable Options

We offer a wide range of customizable options for our shipping container homes. From interior finishes and fixtures to exterior cladding and insulation, you can personalize your home to fit your unique taste and needs. Our team of experts will work with you to create a home that perfectly meets your requirements.

In conclusion, our prefabricated shipping container homes offer an unbeatable combination of durability, versatility, eco-friendliness, and quick setup. Whether you're looking for a temporary housing solution or a unique and sustainable living space, our homes are sure to exceed your expectations. Contact us today to learn more about our products and how we can help you create the perfect shipping container home for your needs.
