Product Description

Prefab Rest Area Landscape Pavilion Detachable Container House Convenient Deployment Quick Assembly

The choice of detachable container houses as landscape pavilions is driven by their flexibility, sustainability, durability, cost-efficiency, and aesthetic appeal. Their modular design allows for quick installation, relocation, and disassembly, making them ideal for landscape applications that require adaptability. Additionally, their use of recycled materials and potential for energy efficiency promotes environmental sustainability. The strength and durability of container houses ensure long-lasting performance, while their cost-effective construction and creative design options enhance their appeal as unique landscape features.

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.

Suzhou Stars Integrated Housing Co., Ltd. mainly has five types of products: folding container house, flat pack container house, detachable container house, modified shipping container (in development), and steel structure construction, which can be widely used in many fields, such as dormitory, camp, office, canteen, shop, toilet and shower, viewing pavilion, firefighting station, isolation ward, etc.
