Product Description

20FT 2 Bedroom Container Homes 40ft Expandable Container House With Bathroom

Applications of Expandable Container Houses:

Residential: Affordable housing, vacation homes, temporary accommodation.

Commercial: Offices, retail stores, restaurants.

Hospitality: Hotels, resorts, event spaces.

Humanitarian Aid: Emergency shelters, medical clinics, education centers.

Remote Living: Off-grid residences, remote workstations.

Construction and Mining: Worker accommodation, site offices.

Benefits:

Rapid Deployment: Compared to traditional construction methods, Container Houses offer expedited construction timelines, significantly reducing project lead times and facilitating quicker occupancy for homeowners and developers.

Cost-Effectiveness: Leveraging prefabricated components and streamlined construction processes, Container Houses present a cost-effective alternative to conventional housing, enabling homeowners to achieve their dream of homeownership at a fraction of the cost.

Adaptability: Beyond residential applications, Container Houses find versatility in commercial, industrial, and humanitarian contexts. From temporary shelters and pop-up retail spaces to mobile clinics and disaster relief housing, these structures adapt to diverse needs and environments with ease.

Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
