Basic Information

- Place of Origin: China
- Brand Name: INFINITE STARS
- Certification: CE/ISO9001/ISO45001/ISO14001
- Model Number: H
- Minimum Order Quantity: 7 Sets
- Packaging Details: One 40 'high container for Marine insurance, can hold 6 sets
- Payment Terms: L/C, T/T
- Supply Ability: 20000 Set PER Month

Product Specification

- Stairs Material: Steel Sheet With Stripes
- Stairs: Customized
- Material: Steel
- Type: Container
- Lifespan: More Than 15 Years
- Structure: Modular
- After Sales: Online Technical Support
- Insulation: Thermal
- Painting: Powder Coating
- Floor: Cement-fibre Board+PVC Floor
- Design Style: Midcentury
- Style: Modern
- Name: Flat Pack Container House
- MOQ: 7 PCS
- Highlight: Garden Flat Pack Container House,

Product Description

Garden Outdoor Barbecue Camping Packed Container Houses Fire Resistant To Earthquakes

Standard Package Container House Datasheet		
Product Specification: 2.99-meter standard container	Length(mm)	6055(5840)
	Width(mm)	2430(2270)
	Height(mm)	2896(2550)
	Roof	organized drainage
	Number of floors	≤3
Design parameters	Service life	8-10 years
	Container weight	≤1.96T
	Ground live load	1.8KN/
	Roof live load	1.0KN/
	Wind load	0.8KN/
	Seismic degree	8
Structural	corner column	Galvanized cold rolled section steel, t=2.5mm, H2450X4 pcs material Q235B
	roof main beam	Galvanized cold rolled section steel, t=2.5mm, L5630X2pcs /L2130X2pcs material Q235B
	roof sub-beam	Galvanized square steel, t=1.8mm40*60X6 square tubes, radian t=1.8mm 15*30X3pcs square tube material Q235B
	floor main beam	Galvanized cold rolled section steel, t=2.5mm, L5630X2pcs /L2130X2pcs, material Q235B
	floor sub-beam	Galvanized square steel t=1.2mm, sub-beam X9pcs square tube material Q235B
	Angle piece hanging head	4.2mm steel galvanized stamping welding built-in bucket Angle piece X8
	Paint	Graphene Powder spraying (Electrostatic spraying)
Roof	Roof panel	0.5mm thick color steel plate 360 degree bite, color white gray
	Thermal insulation	100mm glass thermal insulation foam
	Ceiling plate	0.38 thick 831 ceiling
	downpipe	Four corners of downpipe 50PVC pipe X4pcs
Floor	Base	18mm thick fiber cement pressure plate, density ≥0.8g/cm³
Wall	Thickness	50mm thick color steel rock wool sandwich board; The outer and inner plates are made of 0.35mm galvanized color steel plate
	Heat preservation	75mm thick rock wool, bulk weight ≥90kg/m³, combustion performance is class A non-combustible
	Color	white gray PE coating
Door	Spec(mm)	Width X height =840*2035 high-end door
	Material	Steel door with paint
Window	Spec(mm)	Front window: width X height =1150*1100; width X height =1150*1100; (Standard) Hollow window anti-theft integrated window
	Frame	Plastic-steel
	Glass	single

Introducing our state-of-the-art Outdoor Garden BBQ Camping Container House, a perfect solution for all your outdoor adventure needs. Combining the comfort of a home with the rugged durability of a shipping container, this multifunctional structure is designed to provide both convenience and safety, ensuring your camping experience is both enjoyable and secure.

Fireproof Construction

The container house is constructed using fire-resistant materials that have been rigorously tested to ensure maximum safety. The

exterior walls are made of non-combustible materials, while the interior is lined with fire-retardant insulation. This ensures that even in the event of a fire, the spread of flames is significantly reduced, giving you and your family the time to safely evacuate.

Earthquake-resistant Design

Our container house is engineered to withstand the rigors of nature, including earthquakes. The sturdy steel frame and reinforced construction provide superior stability and durability, ensuring that your shelter remains intact during seismic events. The container's unique design also allows for flexibility during ground movement, minimizing the risk of structural damage.

Multi-functional Use

This container house is not just a shelter; it's a complete outdoor living space. Equipped with a built-in BBQ grill, you can enjoy a delicious meal under the stars. The spacious interior can be customized to include sleeping quarters, storage space, and even a small kitchenette. Plus, the weather-resistant exterior ensures that you can enjoy your camping trip in any season.

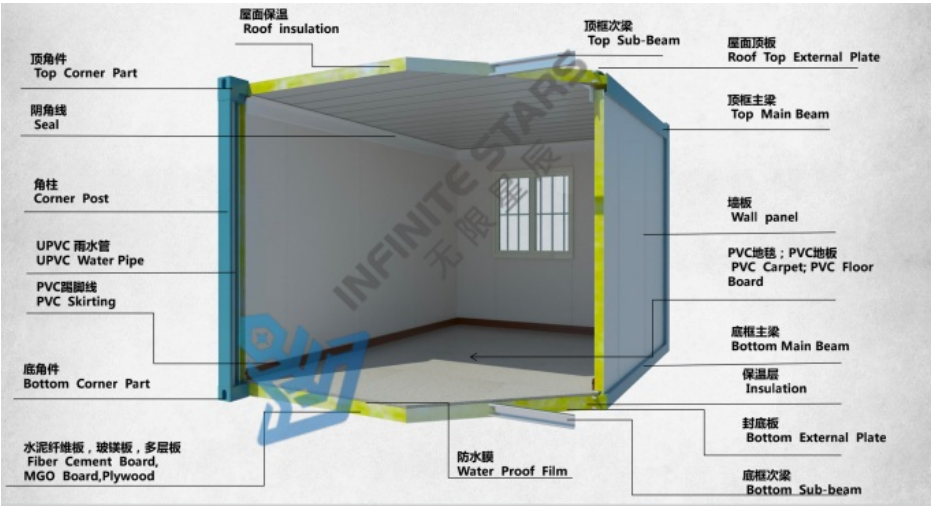

Portability & Storage

One of the key benefits of our container house is its portability. Easily transported by truck or trailer, you can take it with you to your favorite camping spot or use it as a temporary guest house or storage solution at home. And when not in use, the container can be securely stored, ready for your next adventure.

Easy Setup & Maintenance

Setting up our container house is quick and easy, requiring minimal tools and expertise. The modular design allows for fast and efficient assembly, while the durable materials require little to no maintenance. This means you can spend more time enjoying your outdoor experience and less time worrying about setup and upkeep.

In conclusion, our Outdoor Garden BBQ Camping Container House is the ultimate choice for those who value safety, comfort, and convenience on their outdoor adventures. With its fireproof and earthquake-resistant construction, multi-functional use, and easy setup, it's the perfect companion for all your camping needs. So, why wait? Get yours today and start planning your next outdoor adventure!
