Product Description

Australian Luxury Prefabricated Portable Expandable Container Cabin 20 40ft Folding Mobile Prefabricated House

The Expandable Container House is built using high-grade steel containers, ensuring durability and longevity. Its modular design allows for easy expansion and contraction, making it the perfect solution for those seeking flexibility in their living spaces. The containers are insulated and fitted with energy-efficient windows and doors, ensuring optimal thermal comfort while minimizing energy consumption.

Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
