

Type 95 Fire Rated Partition Board , Customized Heat Insulation Sandwich Panel Board

Our Product Introduction

for more products please visit us on prefabricated-containerhouses.com

Basic Information

- Place of Origin: china
- Brand Name: INFINITE STARS
- Certification: CE/ISO9001/ISO45001/ISO14001
- Model Number: B
- Minimum Order Quantity: 7 Sets
- Payment Terms: L/C, T/T
- Supply Ability: 100000 /day

Product Specification

- Application: Roofing, Wall Cladding, Partition Wall, Cold Storage, Etc.
- Color: Customized
- Core Material: Polyurethane
- Surface Treatment: PE/PVDF Coating
- Width: 1000mm
- Length: Customized
- Water Absorption: $\leq 2\%$
- Thickness: 50mm 75mm, 100mm, 150mm
- Sound Insulation: $\geq 30\text{dB}$
- Material: Color Steel
- Load Bearing Capacity: $\geq 0.5\text{kN/m}^2$
- Thermal Conductivity: 0.022 W/mK
- Name: Color Steel Sandwich Panel
- MOQ: 7 PCS

Product Description

The Type 95 Fire Rated Partition Board, a customized heat insulation sandwich panel, offers numerous benefits for various applications. Its primary advantage lies in its exceptional fire resistance, designed to contain and limit the spread of fire for significant periods. This feature makes it ideal for areas where fire safety is paramount. Additionally, the board's sandwich panel construction with customized heat insulation material provides superior thermal insulation, maintaining interior comfort while reducing energy consumption. The board's customizable design allows it to fit perfectly into any project, whether residential, commercial, or industrial. Its durability, easy installation, and minimal maintenance requirements further enhance its appeal. Furthermore, the Type 95 Partition Board is eco-friendly, using recyclable materials, and is suitable for a wide range of applications. While the initial investment may be higher, its long-term benefits, including energy savings and durability, make it a cost-effective solution.

Performance Criteria	Unit	Rock Wool Sandwich Panel
Density	kg/m ³	10-20
Thickness	mm	20-30
Length	mm	600-1200
Width	mm	300-600
Insulation Performance	W/m ² ·K	≤0.04
Soundproofing Performance	dB	≥30
Fire Resistance	Level	A Level
Flexural Strength	MPa	≥10
Compressive Strength	MPa	≥20
Weatherability	Indicator	Weather Resistant Steel
Moisture Resistance	Indicator	Good

Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

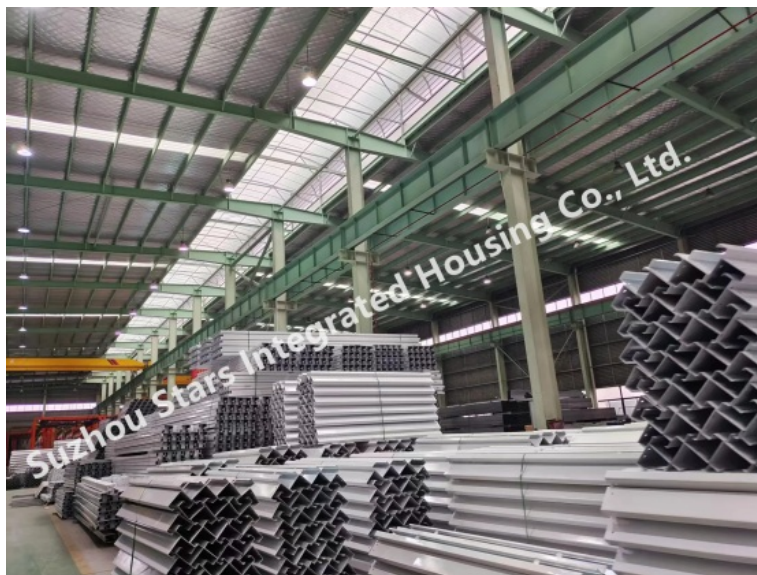

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
