## Product Description

### Storage Area Prefabricated Container House Warehouse Easy Relocation Quick Assembly

The Detachable Container House, serving as a storage area and warehouse, boasts numerous advantages. Its sturdy steel structure and durability ensure reliability. Customizability caters to specific needs, while ease of transportation and installation facilitates flexibility. Cost-effectiveness and long-term savings are achieved through lower construction costs and reusable design. Fire resistance adds to its safety profile. High space utilization optimizes storage capacity. These features make the Detachable Container House an attractive choice for logistics, warehousing, and other applications requiring efficient and reliable storage solutions.

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.

Suzhou Stars Integrated Housing Co., Ltd. mainly has five types of products: folding container house, flat pack container house, detachable container house, modified shipping container (in development), and steel structure construction, which can be widely used in many fields, such as dormitory, camp, office, canteen, shop, toilet and shower, viewing pavilion, firefighting station, isolation ward, etc.
