As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

We have a complete new modular housing R & D system, technology system, manufacturing system and operation and maintenance system. Now it has a full set of production facilities such as small parts workshop, profile workshop, welding workshop, painting workshop, including CNC machine tools, CNC forming machines, CNC bending machines, automatic production lines, specializing in the production of high-end modular container houses. With 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.

Suzhou Stars Integrated Housing Co., Ltd. mainly has five types of products: folding container house, flat pack container house, detachable container house, modified shipping container (in development), and steel structure construction, which can be widely used in many fields, such as construction, railway, highway, water conservancy engineering, electricity, field work, tourism, military barracks, mobile computer room, temporary office and so on.
