

Full Scene Modular Public Toilets Customized Economical Modular Homes Prefabricated

Our Product Introduction

for more products please visit us on prefabricated-containerhouses.com

Basic Information

- Place of Origin: China
- Brand Name: INFINITE STARS
- Certification: CE, ISO14001, ISO9001, ISO45001
- Model Number: M10
- Minimum Order Quantity: 7 Sets
- Price: USD 1200~1500/Set
- Packaging Details: 7 units/20gp 17 units/40hq
- Supply Ability: 2000 Sets PER Month

Product Specification

- Usage: Residential Or Commercial
- Materials: PU Panel, EPS Panel, Rockwool Panel
- Insulation: Rock Wool
- Color: Customizable
- Type: Light Steel Prefab House
- Window Type: Aluminum Alloy Sliding Window
- Floor Material: Plywood
- Column: C-section Steel
- Size: Customizable
- Technology: BIM, The Latest Design Technology
- Installation: Easy And Fast
- Design: Modern And Stylish
- MOQ: 7 PCS
- Highlight: **Full Scene Modular Public Toilets, Customized Modular Homes Prefabricated,**

Full Scene Modular Toilets Showers Mobile Convenient House

Description

Modularity: Prefabricated portable steel structure buildings feature modular designs that allow for easy customization and adaptation to different usage scenarios and spatial constraints.

Portability: These buildings are designed for easy transportation using standard shipping methods, making them suitable for deployment in remote or temporary locations.

Hygiene and Convenience: All-scene modular toilets and mobile shower facilities offer essential sanitation amenities, including toilets, sinks, showers, and waste disposal systems, ensuring hygiene and convenience for users.

Quick Assembly: With their prefabricated components and simple assembly process, these buildings can be quickly set up on-site without the need for extensive construction or specialized equipment.

Durability: Constructed with sturdy steel frames and durable materials, these buildings offer reliability and longevity, even in challenging outdoor environments.

Compliance: Prefabricated portable steel structure buildings are designed to meet relevant sanitation standards and regulations, ensuring compliance with health and safety requirements.

Standard Quick Assembly Container House Datasheet

Product Specification: 3-meter standard container	Length(mm)	5950(5730)
	Width(mm)	3000(2800)
	Height(mm)	2800(2500)
	Center column	
	Roof	Flat roof, free drainage
	Number of floors	≤3
Design parameters	Service life	5-8 years
	Ground live load	1.8KN/
	Roof live load	0.5KN/
	Wind load	0.6KN/
	Seismic degree	8
Structural	corner column	galvanized cold rolled section steel, t=2.3mm, material Q235B
	roof main beam	galvanized cold rolled section steel, t=2.3mm, material Q235B
	roof sub-beam	Galvanized square steel 5*5, t=1.5mm, radian galvanized square steel 4*6t= 1.2mm material Q235B
	floor main beam	galvanized cold-rolled section steel, t=2.3mm, material Q235B
	floor sub-beam	galvanized square steel 4*8 (5), galvanized square steel 8*8 (4) material Q235B
	Paint	Graphene Powder spraying (Electrostatic spraying)
Roof	Roof panel	0.40mm thick color steel plate, color white gray
	Ceiling	0.25mm thick 811 ceiling, color white gray
Floor	Decorative surface	
	basic floor	18mm sanding board

Wall	Thickness	50mm thick color steel glass fiber sandwich board; The outer and inner plates are made of 0.3mm aluminum plated zinc color steel plate
	Heat preservation	50mm thick glass silk wool, bulk weight $\geq 60\text{kg/m}^3$, combustion performance is class A non-combustible
	Color	white gray PE coating
Door	Spec(mm)	Width X height =920*2030 common door
	Material	Steel door
Window	Spec(mm)	Front window: width X height =920*1200; Rear window (standard) : width X height =920*1200;
	Frame	Plastic steel window single glass
	Glass	common
Electricity	Voltage	220V~250V
	Wire	input power wire is 4 square, AC wire is 4 square, socket wire is 2.5 square, lighting switch wire is 1.5 square
	Circuit breaker	High break Miniature Circuit breaker (32A)
	Lamp tube	Two sets of circular LED fluorescent lamps
	Socket	3 five-hole socket 10A, 1 three-hole air conditioning socket 16A

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

We have a complete new modular housing R & D system, technology system, manufacturing system and operation and maintenance system. Now it has a full set of production facilities such as small parts workshop, profile workshop, welding workshop, painting workshop, including CNC machine tools, CNC forming machines, CNC bending machines, automatic production lines, specializing in the production of high-end modular container houses. With 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.

Suzhou Stars Integrated Housing Co., Ltd. mainly has five types of products: folding container house, flat pack container house, detachable container house, modified shipping container (in development), and steel structure construction, which can be widely used in many fields, such as construction, railway, highway, water conservancy engineering, electricity, field work, tourism, military barracks, mobile computer room, temporary office and so on.
