Product Description

Why Choose Our Prefabricated Restrooms?

Quick Installation

Time is money. Our prefabricated restrooms are designed for rapid deployment, significantly reducing installation time compared to traditional construction methods. With minimal site preparation required, your restroom can be fully operational in just a few hours.

High-Quality Materials

We use only the finest materials to ensure durability and longevity. Our restrooms are built to withstand harsh weather conditions, heavy use, and the test of time. The materials are also easy to clean, maintaining a hygienic environment for users.

Customizable Design

We understand that every project is unique. Our prefabricated restrooms are fully customizable to meet your specific requirements. From size and layout to finishes and fixtures, you can create a restroom that perfectly suits your needs and complements its surroundings.

Eco-Friendly Solutions

Sustainability is at the heart of our design philosophy. Our restrooms are constructed using environmentally friendly materials and energy-efficient systems. Additionally, we offer options for water-saving fixtures and solar-powered lighting, making our restrooms an eco-conscious choice.

Cost-Effective

Prefabrication allows us to control costs more effectively than traditional construction methods. The streamlined manufacturing process reduces waste and labor costs, providing you with a high-quality product at a competitive price.

Versatility

Our prefabricated restrooms are suitable for a wide range of applications. Whether you need a temporary solution for an event, a permanent restroom for a park, or facilities for a construction site, our restrooms are designed to meet various demands.

Applications:

Public Parks and Recreational Areas: Offer clean, accessible restrooms for visitors, enhancing their experience.

Construction Sites: Provide workers with a convenient and sanitary option, boosting morale and productivity.

Events and Festivals: Ensure a comfortable environment for attendees with portable, high-capacity restroom facilities.

Remote Locations: Bring modern sanitation to areas where traditional infrastructure is unavailable.

Company introduction

As a wholly-owned subsidiary of Wujiang Saima (established in 2005), Suzhou Stars Integrated Housing Co., Ltd. focuses on foreign trade. As one of the most professional prefabricated house manufacturers in south-east China, we provide customers with all kinds of integrated housing solutions.

Equipped with complete production lines, including sandwich panel production machines and steel structure production line, with 5000 square meter workshop and professional staff, we already built long-term business with domestic giants like CSCEC and CREC. Also, based on our export experience in the past years, we are furthering our steps to global customers with best product and service.

As a supplier to overseas customers all over the world, we are very familiar with the manufacturing standards of various countries, such as European standards, American standards, Australian standards, and so on. We have also participated in the construction of many large-scale projects, such as recent 2022 Qatar World Cup camping construction.
