

Aluminum Alloy Door Custom Extra Height Fast Assembly Container With 18mm Thickness MGO Board Floor

Our Product Introduction

for more products please visit us on prefabricated-containerhouses.com

Basic Information

- Place of Origin: CHINA
- Brand Name: INFINITE STARS

Product Specification

- Use: House, Office, Hotel, Shop, Kiosk
- Size: Customers' Requirement Or 5950*3000*2800mm
- Color: Customized Color, Optional, White&Gray, Any Color, Client's Request
- Door: Aluminum Alloy Door, Steel Door, Security Door, Sandwich Panel Door, Steel Cleanroom Door, etc.
- Product Name: Quick Assembly Prefabricated House, Movable Prefab Modular Foldable Container House For Sale, container House, Luxury Flat Pack 2-story Container House, Standard Prefab Building Fast Duplex Prefabricated Vacation House, Detachable Flat Pack Container House
- Structure: Galvanized Steel Frame, U Steel, Steel, Luxury Container House, light Steel Structure, Dome
- Window: Aluminum Window, PVC Sliding

Product Description

Elevated Customizable Flat-Pack Container Housing Solutions

Maximize functionality and adaptability with our **premium elevated fast-assembly container housing units**, engineered to meet your unique industrial, construction, or commercial needs. Designed for seamless customization, these modular structures combine robust durability with unmatched flexibility, ensuring tailored solutions for diverse applications.

Key Customization Features:

Tailored Dimensions & Configurations

Choose from standard 3m x 6m x 2.85m frameworks or customize dimensions to match site-specific requirements. Add mezzanine levels, partition walls, or specialized compartments for optimized space utilization .

Material & Aesthetic Flexibility

Select from **2.0mm-2.5mm hot-dip galvanized steel frames** (anti-corrosion, high-strength) or upgrade to **304 stainless steel** for extreme environments. Wall panels feature optional **fire-resistant rockwool insulation** or **aluminum composite cladding** for enhanced thermal performance and aesthetics .

Modular Integration

Assemble units end-to-end or stack vertically using patented interlocking corner fittings. Ideal for creating office complexes, temporary housing, or industrial warehouses with minimal on-site welding .

Climate-Specific Adaptations

Customize ventilation systems, drainage channels, or solar panel mounts. Available in **A2 fire-rated** or **UV-resistant coatings** for tropical, arctic, or high-altitude deployments .

Technical Advantages:

Rapid Deployment: Bolt-together design enables installation in 2-3 days (10x faster than traditional construction)

Reusability: 15+ year lifespan with 6+ relocation cycles, reducing long-term infrastructure costs

Certifications: CE-compliant, ISO 9001 quality assurance, and wind/tornado resistance up to 120mph

Ideal Applications:

Construction site accommodations

Mining/energy field offices

Disaster relief temporary housing

Event pop-up retail spaces

Why Partner With Us?

Full-Service Customization: From 3D modeling to on-site supervision, our engineers collaborate to refine your vision

Global Logistics: Pre-assembled or flat-packed delivery options available worldwide

Warranty: 5-year structural warranty + 24/7 technical support

Contact our specialists today to discuss your project requirements and receive a **FREE 3D design mockup**. Transform your vision into reality with smart, scalable container solutions that redefine modular construction.
