

## Detachable Hazardous Substance Storage Unit For Dangerous Goods And Safe Solution

Our Product Introduction

for more products please visit us on [prefabricated-containerhouses.com](http://prefabricated-containerhouses.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: INFINITE STARS

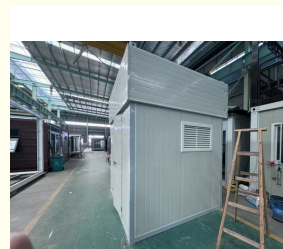

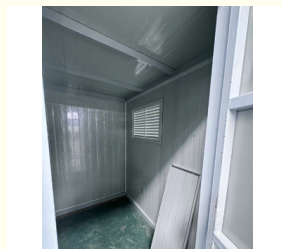

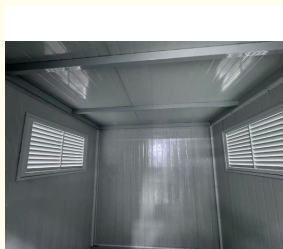

### Product Specification

- Size: Customers' Requirement Or 5950\*3000\*2800mm
- Color: Customized Color,Optional,White&Gray,Any Color,Client's Request
- Door: Aluminum Alloy Door,Steel Door,Security Door,Sandwich Panel Door,Steel Cleanroom Doorevel
- Product Name: Dangerous Goods Container
- Structure: Galvanized Steel Frame,U Steel,Steel Luxury Container House,light Steel Structure,Dome
- Window: Aluminum Window,PVC Sliding Window,PVC/ Aluminum Alloy,Aluminium Alloy+fly Mesh+security Screen,
- Type: Detachable,Customizable,Flat Pack,Folding,expendable container House
- Application: Steel Fabricated House,Residences,Shop,Toilet,Carport

## Product Description

We are proud to introduce our **high-security hazardous material storage containers**, meticulously engineered to meet stringent international safety standards for industrial, pharmaceutical, and chemical applications. Designed and manufactured in Suzhou, China, these containers combine robust construction with advanced safety features to ensure secure containment of flammable, corrosive, or toxic substances.

### Key Features & Specifications

#### Material & Durability

Constructed from **304 stainless steel** or **high-strength galvanized steel**, ensuring corrosion resistance and longevity in harsh environments. Double-walled structure with **fire-retardant insulation** (e.g., rockwool or polyurethane foam) to prevent heat transfer and maintain internal temperature stability.

#### Safety & Compliance

**UN certification** and **(Dangerous Goods Packaging Certificate)** compliant, meeting ISO 9001 and ADR/RID regulations.

Equipped with **multi-layer sealing systems** and explosion-proof hinges to prevent leakage and ignition risks.

#### Customizable Design

Available in **20ft, 40ft, or custom dimensions** (6058mm×2438mm×2890mm standard).

Optional interior configurations: partitioned compartments, ventilation systems, or anti-static flooring for specialized needs.

#### Global Applications

Ideal for **chemical storage**, **laboratory containment**, **industrial waste management**, and **pharmaceutical logistics**.

Compatible with **intermodal transport** (road/rail/sea) due to standardized ISO dimensions and forklift-accessible base.

### Why Choose Our Containers?

**Cost-effective solution:** Durable design reduces replacement frequency and maintenance costs.

**End-to-end support:** Includes **MSDS documentation**, installation guidance, and 24/7 technical assistance.

**Sustainable manufacturing:** Recyclable materials and energy-efficient production processes align with ESG standards.

**Contact us** for bulk pricing, OEM/ODM services, or customized certifications (e.g., IMDG, IATA). Let our team tailor a safety solution to your hazardous material storage needs!

*Note: Product compliance documents (UN certification, test reports) available upon request.*
