

Custom Sized Portable Eco Toilet Modular Design For Global Projects

Our Product Introduction

for more products please visit us on prefabricated-containerhouses.com

Basic Information

- Place of Origin: china
- Brand Name: INFINTE STARS
- Model Number: H
- Minimum Order Quantity: 7 Sets
- Price: dollar1300 /1set
- Delivery Time: 2-3work days
- Payment Terms: ,L/C,D/A,D/P,Western Union,T/T,MoneyGram
- Supply Ability: 200set/day

Product Specification

- Exterior: Customizable
- Durability: High
- Cost: Affordable
- Design: Modern/Traditional/Contemporary
- Flooring: Hardwood/Laminate/Tile/concrete
- Interior: Customizable
- Transportation: Easy To Move
- Roofing: Metal
- Insulation: Energy Efficient
- Windows: Double Glazed
- Doors: Solid Wood/Steel
- Size: Customizable
- Installation: Quick And Easy
- Assembly: Prefabricated
- Material: Steel/wood/concrete

Product Description

Customizable Dimension Mobile Toilet Solutions for Global Markets

Product Overview

We specialize in manufacturing **custom-sized mobile toilets** tailored to meet diverse project requirements. As a leading producer in Suzhou, Jiangsu, China, our factory combines advanced eco-friendly technology with modular design to deliver durable, hygienic, and adaptable sanitation solutions.

Key Features

Flexible Customization

Adjustable Dimensions: Toilet units can be customized to specific lengths, widths, and heights (e.g., 2m×3m×3m, 1.5m×4.8m×2.6m) to fit construction sites, events, or urban spaces

Multi-Compartment Options: Single or multi-occupancy designs, including accessible facilities for disabled users

Eco-Friendly Technology

Water-Saving Systems: Integrated foam-sealed squat toilets reduce water usage by 98% compared to traditional flush systems. Monthly operational costs are as low as \$0.01 per user

Low Energy Consumption: Operates on 220V power (or optional solar power), with energy-efficient lighting and ventilation

Durable Construction

Steel Framework: Heavy-duty galvanized steel skeleton (3mm+ thickness) ensures longevity (20+ years) and withstands extreme climates (-35°C to 50°C)

Weatherproof Materials: Exterior options include corrosion-resistant metal floral boards, aluminum-plastic composite panels, or stainless steel for aesthetic and functional durability

Smart Amenities

User-Friendly Features: Automatic odor control, anti-fouling coatings, and real-time foam monitoring systems

Management Efficiency: Integrated waste collection systems and optional IoT monitoring for maintenance alerts

Applications

more products please visit us on prefabricated-containerhouses.com

Temporary infrastructure for **construction sites, fairs, and tourist attractions**
Permanent installations in **parks, residential areas, and public transit hubs**
Disaster relief or remote work environments requiring rapid deployment

Why Choose Us?

Fast Turnaround: Mass production capabilities enable delivery within 10 days post-order
Global Compliance: Meets international standards (ISO 9001, GB/T 17217) and customizable to regional regulations
Turnkey Solutions: Optional accessories include handwashing stations, solar panels, and bilingual signage

Contact for Quotes

Provide your project specifications (usage volume, climate zone, aesthetic preferences) for a tailored quotation and 3D design mockup. Let us engineer sanitation solutions that align with your sustainability goals and spatial constraints.

Manufactured in Suzhou, China | Export-ready packaging available

This description emphasizes technical specs, customization flexibility, and global applicability while aligning with ECER's B2B audience. Keywords like "customizable dimensions," "foam-seal technology," and "modular design" are optimized for search visibility.
