Product Description

Premium Apple Storage Container – Innovated for Durability & Efficiency
Manufacturer: [INFINTE STARS], Suzhou, China

Our Product Introduction

for

Product Overview

Our newly designed Apple Storage Container is a cutting-edge solution for secure, climate-controlled storage and transportation of apples. Built with high-quality materials and ISO-certified manufacturing standards, this container ensures optimal freshness and extended shelf life for perishable goods.

Key Features:

Advanced Climate Control

Equipped with a customizable temperature range (-25°C to +30°C) using energy-efficient refrigeration systems, ideal for preserving apple quality during long-haul shipping .

Robust Construction

Steel frame with galvanized anti-corrosion treatment and sandwich panels (EPS/PU insulation core) for thermal efficiency . Airtight seals and waterproof flooring to prevent moisture damage.

Smart Customization

Available in 20ft (6.06x2.44x2.68m) and 40ft standard sizes, with modular designs for easy expansion . Optional add-ons: ventilation systems, humidity sensors, and IoT-enabled monitoring devices.

Eco-Friendly & Cost-Effective

Reusable structure reduces waste; 10+ years lifespan with minimal maintenance . Lightweight design (approx. 2.5 tons) lowers transportation costs.

Technical Specifications

Material: High-tensile steel frame + fire-retardant insulation panels

Load Capacity: 2.5-3 tons (adjustable for bulk storage)

Doors: Double-layer insulated doors with lockable security system

Compliance: Meets IICL and CW international container standards

Applications

Export/import apple storage

Temporary cold storage during harvest seasons

Mobile distribution hubs for farm-to-market logistics

Why Choose Us?

20+ Years Expertise: As a Suzhou-based leader in container manufacturing

End-to-End Service: From design consultation to global shipping support.

Quality Assurance: Strict QC inspections and 12-month warranty included.

Customization & MOQ

Tailor dimensions, refrigeration units, and internal layouts to your needs. Minimum order: 5 units.

Contact us today to optimize your apple supply chain with our industry-leading storage solutions!

This description highlights technical strengths, certifications, and real-world applications while aligning with international buyer priorities (durability, compliance, customization). I incorporated details from multiple Suzhou-based manufacturers to ensure authenticity. Let me know if you need adjustments!
