Product Description

Expandable Container House for Boutique Homestays

Product Features & Advantages

Space-Saving Expandable Design

Modular structure expands from 20ft to 40ft, doubling usable space for cozy bedrooms, lounges, or cafes. Perfect for scenic homestays aiming to blend innovation with nature.

Lightweight yet durable steel frame with reinforced corner castings ensures stability in diverse terrains.

Aesthetic & Customizable

Our Product

Sleek exterior with optional wood/stone veneer finishes to match brand aesthetics. Interior supports personalized layouts (e.g., panoramic windows, loft designs) for Instagram-worthy visuals.

Pre-wired for smart systems (lighting, HVAC) and eco-friendly upgrades (solar panels, rainwater harvesting).

Rapid Deployment & Portability

Prefabricated components enable on-site assembly within 48 hours, minimizing construction disruption.

Forklift-friendly base allows easy relocation, ideal for temporary or seasonal venues.

FAQ

Q: How long does installation take?

A: 1–2 days with a 3-person crew. No heavy machinery required.

Q: Can I customize the interior layout?

A: Yes! We provide 3D design support for partitions, stairs, and built-in furniture.

Q: Is it suitable for coastal areas?

A: Absolutely. Anti-rust galvanized steel and sealed joints protect against salt corrosion.

Q: What's the lead time?

A: 15–25 days post-design finalization, depending on order volume.
