Product Description

20ft Prefabricated Expandable Container House With 3 Bedroom

Spacious Family Living in Compact Design

Many homebuyers wonder if a 20ft expandable container house with 3 bedrooms can truly accommodate a family's daily needs. The answer is a resounding yes—thanks to smart design and space-maximizing features that turn compact dimensions into functional living areas.

Key Features and Specifications

- Expands from 20ft (6m) to 45-55 sqm (480-590 sq ft) of living space
- Three thoughtfully designed bedrooms: two 8-10 sqm rooms and one 12-15 sqm master bedroom
- Open-concept living area combining kitchen, dining, and lounge spaces
- Built-in space-saving features including foldable tables and wall-mounted shelves
- Comprehensive storage solutions with under-bed drawers and overhead cabinets
- Large windows and skylights for natural light and spacious feel
- Compact bathroom with shower, toilet, and sink
- Optional small outdoor deck area

Ideal for Modern Living

Perfect for families of 3-4 people, this layout balances privacy and togetherness. The flexible design allows one bedroom to double as a home office, making it ideal for remote workers. Compared to traditional tiny homes, the expandable design offers superior flexibility—easily collapsed for transport or permanently expanded to adapt to changing needs.

A 20ft 3-bedroom expandable container house proves that size isn't everything. With clever engineering and intentional design, it delivers the space, comfort, and functionality modern families demand—all in a sustainable, cost-effective package.
