Product Description

20ft Expandable Container Home Dimensions

A 20ft expandable container home offers remarkable space efficiency through its dual-size design. When folded for transport or storage, it maintains standard shipping container dimensions, while expansion creates generous living space.

Configuration	Length	Width	Height	Floor Area
Folded (Transport)	20ft	8ft	8.5ft	160 sq ft
Expanded (Deployed)	20ft	16ft	8.5ft	320 sq ft
With Mezzanine	20ft	16ft	Varies	450-500 sq ft

Transport Efficiency: Folded dimensions match standard shipping containers for easy transportation via truck, ship, or rail without special permits

Space Transformation: Expands to double width, creating 320 sq ft of living space - equivalent to a small apartment

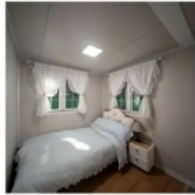

Vertical Expansion: Optional mezzanine levels can increase total area to 450-500 sq ft

Versatile Applications: Ideal for singles, couples, or as auxiliary housing solutions
