Product Description

Need to Maximize Space Without Breaking the Bank?

Looking for an affordable, space-efficient solution that doesn't sacrifice comfort? Our 20ft Expandable Container Home is the perfect answer. It starts as a standard 20ft shipping container for easy transport, then transforms into a surprisingly spacious and comfortable living area.

Smart Bi-Fold Expansion Design

This innovative expandable container house features a smart bi-fold design. With minimal effort, its sides unfold to instantly double or even triple your usable interior space. It's an ideal prefab solution that delivers maximum value and functionality from a compact footprint.

We deliver it fully prefabricated with essential wiring and plumbing, requiring minimal setup time and construction hassle on your site.

Key Features & Benefits

- Space-efficient design that expands when needed
- Cost-effective alternative to traditional construction
- Easy transport as standard 20ft shipping container
- Quick setup with minimal on-site construction
- Pre-installed wiring and plumbing systems
- Durable, weather-resistant construction
- Low maintenance requirements

Versatile Applications

Discover the ultimate flexible space solution for various needs:

Backyard Studio

Mobile Office

Modular Hotel Unit

Retail Pop-up Shop

Guest House

Vacation Rental

This adaptable container building meets diverse residential, commercial, and hospitality needs with its durable construction that ensures

longevity with minimal maintenance.
